#### REGULATION 27.—WEIGHING AND INSPECTION OF VEHICLES

(1) The driver of a vehicle on a highway, when so required by a peace officer or by any person authorized in writing by the Minister, shall:—

(a) Stop the vehicle at the time and place specified by such peace officer or authorized person for the purpose of weighing the whole or part thereof by means of stationary or portable scales, measuring the dimensions of the vehicle and load, measuring and inspecting the tires thereon, inspecting the load carried, or for any other purpose under these regulations:

(b) Drive the vehicle to the nearest public or Department of Highways stationary or portable scales for the purpose of weighing the vehicle and load:

(c) Rearrange the load upon the vehicle or remove the whole or part of the load from the vehicle in order to comply with Regulation 23 or 26 of these regulations before continuing to drive or operate the vehicle.

(2) The driver of a vehicle on a highway, when directed by a traffic sign on the highway to drive over scales, shall drive the vehicle to the scales for the purpose of having an axle or a group of axles weighed, having tires measured, having the dimensions of the vehicle and load measured, or having the load inspected for any other purpose under this section.

(3) The gross weight of any tandem axles and the gross weight of any group of axles shall be the sum of the gross axle weights of all the axles comprising the tandem axles of the group of axles, as the case may be.

(4) The gross weight of any vehicle or combination of vehicles shall be the sum of the individual gross axle weights of all the axles of the vehicle or combination of vehicles.

#### REGULATION 28.—PERMITS

(1) The Minister may in his discretion, by a general authority or by the issuance of a written permit signed by the Minister or his representative, in certain specific circumstances, authorize the driving or operation of any vehicle on a highway subject to the limitations or conditions contained in the permit whether or not the vehicle conforms to the foregoing Regulations 23, 25, and 26, and

thereafter the vehicle may be driven or operated upon a highway subject to such limitations or conditions.

(2) As a prerequisite to the issuance of a permit under this section, the Minister may require the applicant therefor to deposit with him a sum of money in an amount sufficient, in the opinion of the Minister, to pay the cost of repairing any damage likely to be done to the highway by reason of the driving or operation of the vehicle thereon.

(3) The applicant for a permit under this section shall pay a fee of \$2 in respect of each permit issued, except that no fee shall be payable in respect of permits issued to authorize the occasional operation of logging-trucks of excessive length when carrying boom-sticks.

#### REGULATION 29.—LIGHTS

It shall be the duty of every person in charge of a vehicle on a highway, other than a motor-vehicle, trailer, semi-trailer, or bicycle, to equip the vehicle with one white light mounted in a conspicuous position on the left side of the vehicle, approximately over a line joining the front and rear wheels of the vehicle, and readily visible under normal atmospheric conditions for a distance of 500 feet from the front and the rear of the vehicle during the period from one-half hour after sunset to one-half hour before sunrise.

### DEPARTMENT OF AGRICULTURE

#### "CONTAGIOUS DISEASES (ANIMALS) ACT, 1956"

NOTICE is hereby given that, by Order in Council No. 870, approved the 10th day of April, 1957, His Honour the Lieutenant-Governor in Council has been pleased to make the following regulations pursuant to the provisions of section 20 of the "Contagious Diseases (Animals) Act, 1956," being chapter 8 of the Statutes of 1956, and that the regulations made by Order in Council No. 2338, approved the 18th day of October, 1954, are rescinded:—

#### REGULATIONS UNDER THE "CONTAGIOUS DISEASES (ANIMALS) ACT, 1956"

##### PART 1.—INSPECTION AND QUARANTINE OR ISOLATION

1. Every owner of animals shall assemble the same, or any number or species thereof, for inspection, testing, treatment, vaccination, or immunization for disease at such time or times and at such place or places and shall provide such further facilities for the holding and restraining of such animals as may be directed by an Inspector, and in the event of default by the owner in assembling his animals or providing such facilities as aforesaid, after giving three days' written notice of such direction the Inspector may provide for the collec-

tion, removal, testing, treatment, vaccination, and immunization of any such animals and for the said facilities at the cost of the owner, which cost shall be recoverable in any Court of competent jurisdiction as a debt to the Crown.

2. Tests, treatments, and vaccinations shall be of the nature and kind and made, given, and performed at such times and under such conditions as may be prescribed by the Minister from time to time.

3. All buildings, corrals, and auction premises wherein animals are housed or detained and all equipment used in connection with animals and every vehicle, crate, or other means of conveyance of animals shall be cleansed and disinfected at such times and in such manner as may be directed by an Inspector, and no person shall after such direction use or cause to be used any such buildings, corrals, or auction premises or any such vehicle, crate, or other means of conveyance until the direction of the Inspector in respect of such cleansing and disinfection has been complied with.

4. Where an animal or any farm where a diseased animal is found or kept is placed in quarantine in accordance with the provisions of the Act, such quarantine shall continue until an Inspector is satisfied that such animal and all other animals on such farm or other place with which the diseased animal may have had contact are free from disease. The Inspector may thereupon, by notice in writing to the owner of such animal or farm or other place or to the person having custody of the same, lift the quarantine, and he shall thereupon forthwith notify the Minister. If after inspection, testing, vaccination, or other proper treatment the Inspector is satisfied that disease continues to exist in any animal and that the health of other animals or persons is likely to be affected thereby, he may by permit (herein called a "permit for slaughter") allow the removal of such animal for the purpose of immediate slaughter only. Every permit for slaughter shall contain such provisions respecting the removal and slaughter as the Minister may prescribe.

5. Every Inspector shall have power to brand or otherwise mark for identification any animal which is found by any recognized test to be suffering from disease and to require the removal of such animal forthwith from the herd or farm or other place where it is found to a place of quarantine.

#### PART 2.—GENERAL

6. The Minister may, at the request of the appropriate Federal authority, consent in writing to the designation by such Federal authority of any or all Inspectors under this Act as Inspectors under the Health of Animals Division of the Department of Agriculture of Canada.

7. Every person conducting any auction sale of animals and every person selling or purchasing any animal at such auction sale shall, at the request of an Inspector, produce for his inspection all records pertaining to such animal and in particular, but without limiting the generality of the foregoing, such records as may indicate the origin, status, and destination of the animal.

8. All animals inspected, tested, treated, vaccinated, inoculated, or immunized, or to be inspected, tested, treated, vaccinated, inoculated, or immunized, for disease shall be tagged, tattooed, branded, or otherwise marked for identification, as the Minister may direct.

#### PART 3.—APPEAL

9. Any person aggrieved by any decision, direction, or order of an Inspector may appeal to the Minister in respect thereof. Such appeal shall be made by notice in writing posted to the Minister, Parliament Buildings, Victoria, B.C., by registered mail within seven days of the decision, direction, or order complained of, setting out the matters in respect of which the appeal is taken. Pending the disposition of such appeal the Minister may at his absolute discretion stay action on the decision, direction, or order appealed against on such conditions as to the quarantine or isolation of animals or otherwise in the public interest as he may deem advisable and may in his absolute discretion dispose

of the appeal on the facts set out in such notice and in the report of the Inspector, or he may direct a hearing thereon at such time and place and subject to such conditions as he may direct, and the decision of the Minister on any such appeal shall be final and binding for all purposes.

10. The Crown shall not be liable to pay compensation in respect of any animal slaughtered in accordance with these regulations.

#### PART 4.—BRUCELLOSIS-CONTROL

11. The Minister may, for the purposes of brucellosis-control, pay the cost of calfhood vaccination in such part or parts of the Province and for such time or times as he may deem advisable.

##### *Brucellosis-control Areas*

12. Where an area has been established as a brucellosis-control area, the regulations governing brucellosis-control areas shall apply to all cattle (which in these regulations shall mean animals of the bovine species and goats) kept or found in such area.

13. The Minister may require that in any brucellosis-control area all calves shall, between such ages as he shall direct, be vaccinated against brucellosis, and there shall be issued in respect of such cattle a calfhood vaccination certificate signed by a graduate veterinarian.

14. The owner or the person having custody of cattle within any such brucellosis-control area which have not been vaccinated as aforesaid shall forthwith, upon the direction of an Inspector, have the same tested for brucellosis by the agglutination blood test or such other test as the Minister may from time to time prescribe (hereinafter referred to as "other prescribed test"), and any cattle showing a positive reaction to such test shall be isolated as directed by the Inspector and shall be removed from such isolation only upon a permit for slaughter.

15. (a) Cattle in an area designated under subsection (3) of section 14 of the Act shall not be sold, save for immediate slaughter, unless the owner thereof is in possession, in addition to all other certificates required by the Act or regulations, of a calfhood vaccination certificate for cattle under thirty-six months of age or in possession of a certificate signed by an Inspector showing that within thirty days of the sale such cattle have been tested by the agglutination blood test or other prescribed test for brucellosis, and that such test has shown a negative result, both of which certificates are herein referred to as a "subsisting certificate." At cattle auctions in any such area, cattle to be sold for slaughter shall be kept isolated from cattle in respect of which there are subsisting certificates. Where at any such auction there is one auction ring only, the cattle in respect of which there are subsisting certificates shall be offered for sale and sold before any cattle to be sold for slaughter.

(b) Cattle moved for slaughter shall not be transported in the same vehicle or moved in any way with cattle in respect of which there are subsisting certificates.

16. (a) When calfhood vaccination has been in force in a brucellosis-control area for five years or if the Minister is of the opinion that the incidence of brucellosis is sufficiently low to justify such a course in the public interest, the Minister may direct that all cattle within such brucellosis-control area shall forthwith, after a date to be fixed by him, be subjected to the agglutination blood test or other prescribed test for brucellosis, and that all cattle in the brucellosis-control area which show a positive reaction to such test be removed to abattoirs to be designated by him for immediate slaughter under such conditions as he may prescribe.

(b) The cost of the tests referred to in clause (a) hereof shall be paid by the Crown.

##### *Brucellosis-free Areas*

17. (a) When, in the opinion of the Minister, brucellosis has been eradicated from a brucellosis-control area, he shall declare such area a "brucellosis-free area" and shall direct that such periodi-

cal retests be made and such other measures as may be necessary be taken to maintain the area as free of brucellosis.

(b) After an area has been declared a brucellosis-free area, the owner or person having custody of cattle which have aborted shall forthwith report the fact and circumstances of such abortion to the Minister or to the nearest Inspector. The owner or person having custody of such cattle shall immediately isolate the same. The Inspector shall forthwith quarantine such cattle and carry out such examination, tests, vaccination, or treatment as he may consider necessary. Every veterinary practitioner having knowledge of any such abortion shall forthwith notify the Minister and the nearest Inspector thereof and, if he has been retained to treat such cattle, shall forward to such laboratory as may be prescribed by the Minister blood samples from the animal properly identified and accompanied by information indicating clearly the date and place of the abortion, the date when and particulars of the animal from which such samples were taken, and the name of the owner or other person having custody of the animal.

(c) When, in the opinion of the Minister, the incidence of brucellosis in any brucellosis-free area is such that it can no longer be considered a brucellosis-free area, he may declare it a brucellosis-control area.

#### *Brucellosis-control Tests (General)*

18. Male cattle that have been castrated, cattle under six months of age, and cattle under thirty-six months of age in respect of which calfhood vaccination certificates have been issued shall be exempt from tests for brucellosis.

19. The Minister may require that samples of blood or milk drawn from cattle within such area or areas as may be designated by him for the purpose of the agglutination blood test or other prescribed test for brucellosis shall be forwarded by the owner of such cattle or the person having custody of the same or by the person drawing such milk or blood for testing and examination to a laboratory designated by him, which laboratory shall immediately, upon receipt of such samples, proceed to make the said tests and certify to the Minister in writing the result of the said tests, identifying the source of the said samples.

20. Animals tested by the agglutination blood test or other prescribed test in respect of which the reaction is suspicious or doubtful shall be isolated to the satisfaction of an Inspector and shall not be moved except on a permit for slaughter. The owner or person having custody of such cattle may apply for a retest to be made after the expiration of thirty days from the date of the previous test. If the result of such test is negative, the cattle may be removed from isolation, otherwise they shall remain in isolation for retests until such time as they shall prove negative to such retests, subject, however, to removal on a permit for slaughter as aforesaid.

21. When animals having been tested by the agglutination blood test or other prescribed test have given a positive reaction and have been removed in accordance with a permit for slaughter, the remainder of the herd shall be retested after the expiration of thirty days from the date of removal of the last animal removed as aforesaid, and if the result of the test is then negative throughout the herd, the herd shall be again retested after the expiration of a further sixty days from such second test, and if the reaction to such third test throughout the herd is negative, the herd shall be deemed to be and shall be declared by the Inspector to be brucellosis-free.

#### **PART 5.—CONTROL OF MOVEMENT OF ANIMALS**

22. (a) Cattle and other animals capable of carrying any infectious or contagious disease shall not be moved into that portion of the Province east of the Cascade Mountains (herein called the "prescribed area") into a brucellosis-free area or into a brucellosis-control area except upon permit for such movement to be issued by an Inspector

after he is satisfied as a result of tests, examination, vaccination, inoculation, immunization, or treatment that such cattle or other animals are free of such infectious or contagious disease, which permit shall accompany the said cattle or other animals in transit.

(b) If cattle or such other animals are moved without such permit as is prescribed in clause (a) of this section, an Inspector shall quarantine such cattle or other animals and shall make such examination, tests, vaccinations, inoculation, immunization, or treatment as may be necessary to determine whether or not the said cattle or other animals are suffering from any such infectious or contagious disease, and such quarantine shall be maintained and such examinations, tests, vaccinations, inoculation, immunization, and treatments shall be continued until such cattle or other animals as show a positive reaction to the appropriate tests have in the case of brucellosis been removed for immediate slaughter and in the case of other diseases have been removed for immediate slaughter or are free of disease and the Inspector is satisfied that the remaining cattle or other animals are free of disease.

(c) The expense of the said tests, examinations, inoculation, immunization, vaccinations, and treatments shall be borne by the owner or person having custody of the said cattle or other animals and shall be recoverable as a debt due to the Crown.

23. Where vibriosis exists or has been known to exist on a farm or other premises, an Inspector shall not issue a permit for the movement of cattle or such other animals into the prescribed area or into a brucellosis-free area or into a brucellosis-control area unless the breeding efficiency on the farm or other premises or the result of investigation, examination, and testing indicates that vibriosis is no longer present in such cattle or other animals.

24. Cattle for immediate slaughter consigned to an abattoir or cattle consigned to premises properly isolated to the satisfaction of an Inspector where cattle are fed for the purpose of growth and fattening prior to slaughter (which premises are herein referred to as a "feed-lot") may enter the prescribed area or any brucellosis-free area or brucellosis-control area without test, provided that a permit shall have first been obtained from an Inspector. Such permit shall only be issued upon the condition, which is a part of these regulations, that such cattle shall not be permitted to come in contact with other animals and shall be kept isolated in transit to such abattoir or on such feed-lot until slaughtered or consigned, under conditions of isolation, to an abattoir under the Meat Inspection Service of Canada or the Meat Inspection Service of British Columbia for immediate slaughter.

25. Any person operating an abattoir or a feed-lot in the prescribed area or in a brucellosis-free area or in a brucellosis-control area may apply to the Minister for an annual permit for the movement of cattle directly thereto without test. The Minister may issue such permit on the conditions set out in Regulation 24 hereof and may cancel such permit forthwith on the violation of the said conditions or of the provisions of the Act or of these regulations or of the "Milk Industry Act" or of the "Meat Inspection Act" of Canada or of the "Meat Inspection Act" of British Columbia or of regulations made under the said Acts.

26. Nothing contained in Regulation 24 or 25 shall interfere with the free movement of animals consigned to an abattoir under the Meat Inspection Service of Canada or the Meat Inspection Service of British Columbia.

27. Cattle consigned as aforesaid to an abattoir for immediate slaughter or to a feed-lot for the purposes aforesaid shall not be transported in the same vehicle or other means of conveyance with animals moved for any other purpose.

28. An Inspector may, by notice in writing to the owner of animals or to the person having custody of the same, require that such animals be withheld from movement to a specified area within the prescribed area or within a brucellosis-control area or within a brucellosis-free area.

29. Cattle being added to a herd or moved to a farm or other premises in the prescribed area or in a brucellosis-free area or in a brucellosis-control area or entering the prescribed area or a brucellosis-free area or a brucellosis-control area shall be isolated in such manner as an Inspector may direct and for such time as he may require for examination, testing, vaccination, or treatment.

30. All certificates, permits, and other documents necessary for the purposes of the Act and these regulations shall be in such form as may be prescribed by the Minister from time to time.

PART 6.—REPEAL

31. All regulations heretofore made under the "Contagious Diseases (Animals) Act," being chapter 67 of the "Revised Statutes of British Columbia, 1948," are hereby repealed, and these regulations shall come into effect forthwith.

LYLE WICKS,  
Minister of Labour.
